Cottage 4 Rectangle Left Platinum Simplicity Brass

Cottage Rectangle Platinum Marquise

22 | stable doors

As well as the true aesthetics of a wooden door the design allows for the opening of the upper leaf. This provides sight and ventilation whilst keeping the lower leaf closed to prevent children or animals leaving the home.

Constructed specifically with a mid-rail so that when cut through, it forms two leaves. Each leaf is completely surrounded by a rigid subframe providing both security and stability, as well as weather protection.

Stable Doors
can be created
using most of our
cottage door styles
and glazing options
see p20-21

24 | composite glass colour options

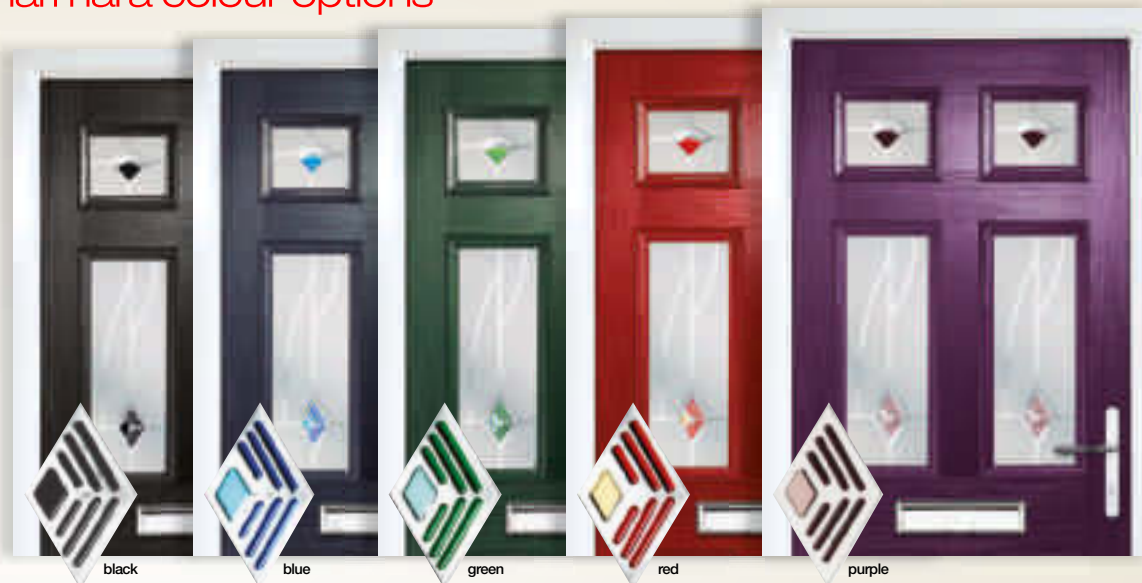

Express yourself by contrasting or complementing these colour options for your door!

Our beautiful Fusion Jewel range combines hand cut bevelled glass and fused glass elements to provide a 3-dimensional effect that can be both seen and felt.

The Marmara range adds a twist to the fused tile concept with the introduction of clean lines and etch effect glass which is then encased between two pieces of clear toughened glass to provide a stunning triple glazed unit.

The Kara utilises traditionally made glass, hand soldered coming and triple glazing which makes this range not only stunning to look at, but also easy to clean and possessing improved heat and sound insulation.

kara colour options

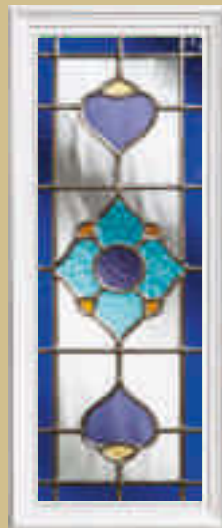

heritage dorchester

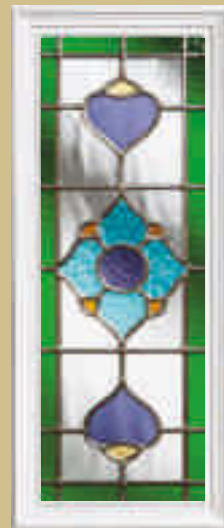

Hand-made by UK craftsmen to create the look of traditional stained glass windows, the Heritage Dorchester range is made from individual pieces of coloured and clear obscure glass cemented into lead grooves and protected between two sheets of crystal clear toughened glass. The results combine beautifully textured designs with the benefit of modern triple glazing. The range is available in the following border colours...

amber

deep blue

green

platinum clarity, flores, kara and simplicity coming options

platinum clarity brass

platinum clarity zinc

Our Platinum Clarity, Flores, Kara and Simplicity triple glazed designs are constructed using hand-cut bevels and beautifully textured glass pieces, which are assembled using traditional stained glass methods into zinc or brass carmes. The decorative glass is then encapsulated between two pieces of clear tempered safety glass to give excellent thermal and sound insulation with the added benefit of an easy-to-clean, smooth surface.

obscure backing glass options

Additional backing glass options are available upon request but may incur an additional lead time and/or surcharge.

the composite fire door

Outwardly, these doors are indistinguishable from the main range of composite doors, thereby offering a truly aesthetically pleasing door with an unsurpassed level of safety and peace of mind that will keep out both fire and intruders alike.

Unlike most fire doors, our composite door range is available with specially developed PVC-U frames, also conforming to BS476 fire regulations, providing the benefit of a matching maintenance free frame to keep the entrance to your home in complete harmony.

“ Our Composite Door is available with full
British Standard
fire door certification
 on selected ranges. ”

Composite 4 Glazed Fire Door with Fanlight

Composite 6 Two Glazed Fire Door with Fanlight

- 30 minute Fire Door conforms to BS476:Part 22:1987
- Fan light options available conforming to British Standard Fire Door Certification
- Hung in a specially adapted PVC-U frame
- Fire retardant letterplates and door viewers are available to accompany the range

Composite 1/2 Glazed Fire Door

Composite 1/2 Moon Glazed Fire Door

Composite 1/2 Arched Glazed Fire Door

door furniture

door handles

A choice of high quality handles, available as lever/lever or lever/pad and incorporating anti-snap security cylinders, are fitted as standard to all our Composite Doors.

door knockers and letterplates

A whole range of door knockers and numerals are available in a variety of colour options. Spyholes, door guards and safety chains are also available for the Composite range. Gold and silver effect weatherbars are fitted as standard. However a range of weatherbars are available in a variety of colours to complement your chosen door.

architectural hardware

including AV2 Automatic Lock

Make your door stand out with our new range of contemporary door furniture, particularly suited to the Bohemia Range. Each 'pull' handle comes, as standard, with the AV-2 automatic multi-point locking system, which operates an automatic slam lock as soon as the door is closed.

make it *Personal*

Create your very own unique door with our personalised glass option. Using an advanced technology known as direct digital glass printing (DDG), we can take any image you want and reproduce this directly onto your door glass. Now you really can make your own personal statement! This unique process is fully guaranteed and is weather and UV fade resistant. Ask for more details.
